FOR IMMEDIATE RELEASE

Volunteer Opportunities through Educators Credit Union

As part of Educators year-long 75th Anniversary celebration, Educators is helping the community by collecting donations for a different charity each month and by offering volunteer opportunities. Volunteering is one of the most selfless things that we can do for communities, non-profits, schools, or other charities in need. Doing things for others is also very rewarding and boosts job-life skills as well as a feeling of self-worth.

It is a sign of the times that more and more community outlets are in need of help – both by volunteers and monetary donations. There is also a great increase in volunteers in our area and around the country because of centers that bring awareness.

Educators "inspire" website, **myEducatorsCU.com**, has links to the Racine/Kenosha area and the Milwaukee area Volunteer Centers and will include additional volunteer opportunities as they become available. Please take some time to review the volunteer opportunities in your area and consider volunteering your time. You can also donate to the Charity of the Month at any branch or through PayPal at **myEducatorsCU.com.** Educators will be matching donations each month up to $2,500. June's Charity of the Month is Habitat for Humanity.

Educators Credit Union is a not-for-profit financial institution serving over 110,000 members. A full array of financial services for both consumer and small business accounts/loans are offered. Educators membership is open to anyone who has attended school in Southeastern Wisconsin in addition to education, healthcare and government related employees and their families. For more information about Educators Credit Union, please visit www.ecu.com.
