

# Wisconsin Sister Society Leadership Network

**Sister Societies** are **local chapters** of the **Global Women's Leadership Network** that are established around the world to **further the Network's global mission by making a local impact**. The purpose is to **convene** credit union women on a **grassroots level**, discuss credit union **issues**, exchange **ideas**, **network** with neighboring credit union leaders, and **share lessons** learned with Network members worldwide.

As an industry, we recognize diversity as one of our competitive advantages. Attracting, developing, retaining, and advancing talented professionals is critical to building a global community of credit unions and impacting the members we serve. Success comes from both men and women working together to empower women worldwide.

On behalf of the World Council of Credit Unions and Wisconsin Sister Society, we invite you to join a group of local credit union women who are at all stages of their professional journey and participate in a networking event that offers thought-provoking dialogue, new professional and personal contacts, and an opportunity to make a difference on the local and global credit union movement.

Sister Society meetings take place **approximately three times** per year and membership in the Network is **not required**; however, World Council encourages attendees to join after participating in a Sister Society meeting.

## Who Should Attend?

Women, at any stage in their professional journey, connected to a credit union is welcome to participate in the Sister Society program.

## Can Men Participate?

World Council believes men and women *must* work together to advance gender equality in our communities and workplace. Men are encouraged to participate as Sister Society panelists, sponsors, mentors, and change agents.
